PROFILE

For the past decade I have been heavily involved in video production, graphic design, motion graphics, and web design projects. My experience ranges from commercial production to award winning creative works. I welcome you to explore the many projects I created over years of learning. This is only a small start to an ambitious future.

WORK EXPERIENCE

SR. VIDEO & MOTION GRAPHICS DESIGNER, FISHER INVESTMENTS

SINCE SEPTEMBER 2014

- Captures, edits, and produces video content for internal and external uses for eleven departments within the organization using Adobe Premiere Pro.
- Creates motion graphic designs from story-boarding to vector graphic design to animation using Adobe Illustrator and After Effects.
- Project manages the work flow of all video assignments from initial meeting to final deployment.
- Captures beautiful, high quality photography for professional portraits.
- Works with other senior and associate designers on cross-departmental video projects.
